4.2 Provide your LIHEAP program's definition for determining a crisis.

A crisis exists when a household faces an energy burden which depletes or threatens to deplete financial resources, or which poses a potential health and/or safety threat to the well-being of the household.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis exists when a household member's health and/or well-being would likely be endangered if assistance is not provided to continue heating energy services. Generally, this would require an active medical certificate but may be deemed a life-threatening crisis by local service provider if extreme circumstances are present (e.g. extreme cold, fuel supply shortages, etc.)

In addition to the above, the household must either be disconnect or at imminent risk of disconnection (within 120 hours, or five days of the appointment time) to be considered as having a life-threatening crisis situation. Households with deliverable fuels must either be out of fuel or at imminent risk of being out of fuel.

Life-threatening crisis situations must be addressed (response provided) within 18 hours of receipt of application. This timeframe must be documented to ensure compliance with the federal requirement and must include comments outlining how the situation was addressed.

Crisis Requirement, 2604(c)

If a household received their "Heating Assistance" via direct payment to procure cords of firewood, a receipt or other proof of payment must be provided in order for the household to authorize "Crisis Assistance." Failure to provide receipt or proof of payment/purchase of firewood will cause the household to be ineligible for Crisis Assistance.</p> <p>In order to be eligible for Crisis Assistance:</p> <ol style="list-style-type: none"> 1. Household must meet the same eligiblty criteria as the Standard Assistance; and 2. Meet the following statement, "A crisis exists when a household faces a sudden or unexpected event beyond their control resulting in the inability to pay household heating costs;" and 3. Must have used Standard Assistance for the utility seeking Crisis Assistance with; and 4. Must have a utility shut-off notice or fear bulk fuel will be depeleted within 120 hours or five 24-hour days of the appointment time 	
Determination of Benefits	
4.8 How do you handle crisis situations?	
<input type="checkbox"/>	Separate component
<input type="checkbox"/>	Fast Track
<input checked="" type="checkbox"/>	Other - Describe: <p>In certain circumstances, as in when making a standard heating assistance payment the payment would not be enough to prevent shutoff and after a standard payment is applied the account would remain in jeopardy of shut off. In these cases, it would be more beneficial to pay out the standard payment and the crisis payment at the same time, then the standard Heating Assistance may be used in combination with the Crisis Assistance. In this circumstance, the amount of crisis paid is determined by need to prevent shutoff up to the maximum allowed \$750 in combination with the standard payment. Most often clients have exhausted their standard heating assistance when they present a crisis.</p>
4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input checked="" type="checkbox"/>	Amount to resolve the crisis.
<input type="checkbox"/>	Other - Describe: <p>The Caseworker will call the utility company to determine amount to keep the utility on. A pledge is made to the utility company for amount needed until payment is authorized, batched and paid by program. Program will only pay for the amount that is needed to keep the heat source on.</p>

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Energy payments are generally always paid directly to a home energy supplier or other vendor. Whenever possible, payments will identify the client's name and account number. For some vendors such as, Crater Lake Junction Travel Center (for propane), or Diamond Home Improvement (for pellets), or Amerigas (for bulk propane) the payment is under a general account for The Klamath Tribes.

For households who use firewood for their primary or secondary heating source, "Direct Pay" option is allowable. Check is made payable to the client to be consistent with the number of cords of firewood to be purchased. The client is responsible for procuring the firewood, and submitting proof of payment within 60 days of check acceptance.

9.2 How do you notify the client of the amount of assistance paid?

All clients are provided a Notice of Action Form copy either via postal mail or email. The form details assistance amount and an authorization number. If the client misplaces the authorization form, a copy can be mailed or faxed to them.

Copies of all forms are filed in the client household file. Please see attachments for document templates.

At the beginning of the LIHEAP year the Tribes makes its best effort to enter into contracts with energy suppliers. Contracts contain legal clause as to discrimination, charging in the normal billing process, and differences in actual cost and the amount of the LIHEAP payment. The Energy Assistance Coordinator is in contact with energy suppliers to determine the appropriate amount to be billed and paid on the client's behalf.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

At the beginning of the LIHEAP, the Tribes makes its best effort to enter into year contracts with energy suppliers. Contracts contain legal clause as to discrimination, charging in the normal billing process, and differences in the actual cost and the amount of the LIHEAP payment.

All client information is confidential and kept in locking file cabinets and offices. Discussions of client information is between the Department Director and Coordinator. Intake appointments are done in a closed door setting between Coordinator and client. Scheduling of appointments are conducted by the Program Support Specialist or Administrative Assistant. Client appointments are kept in an appointment book only accessible to the Administrative Assistant and Energy Assistance Coordinator.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?
