

ECDC

NEWSLETTER AUGUST 2023

waq lisi-Klamath/Modoc; ha?o ii-Paiute
(how are you) families?

ECDC staff have been busy preparing for all of the activities taking place in August. This month, we will be honoring all of our students in our annual graduation ceremony to be held at the fitness center, August 30th. We hope you'll join us to recognize the progress and growth of all students. Flyer with more information to come soon.

August's family gathering will be fun for the whole family as everyone will follow clues on a scavenger hunt through the center. Each stop along the way will have a different activity that awards a puzzle piece and the next clue. At the end will be a special prize and a BBQ dinner for all. All materials for the activities will be provided.

ECDC's brand-new school-age enrichment program is fully staffed and will open soon in order to serve all of our 5 through 12-year-old students with after school care, as well as full days when the district schools are closed. Once this classroom is at full enrollment, a waiting list will be established and selection will be based on the priority need outlined in the Klamath Tribes CCDF Plan.

You may see a few new faces in our classrooms and center throughout the month from the Klamath Tribes Summer Youth Employment Program (SYEP). These exceptional young people are learning valuable employment skills and getting an introduction to the field of early child care and education during their time with us.
